*D8*

1      24. (New) The computer program of claim 23, wherein:  
2            the layer has two or more non-contiguous non-transparent  
3            regions in a transparent frame; and  
4            the non-transparent regions in combination define the  
5            area.

1      25. (New) The computer program of claim 24, further  
2            comprising instructions for causing a computer to:  
3                generate multiple image maps from the non-transparent  
4            regions.

1      26. (New) The computer program of claim 5, wherein:  
2                any holes within the region are ignored.

1      27. (New) The computer program of claim 5, wherein:  
2                separate regions having no holes are created if the  
3            region has holes; and  
4                the separate regions in combination contribute to the  
5            definition of the area.

---

REMARKS

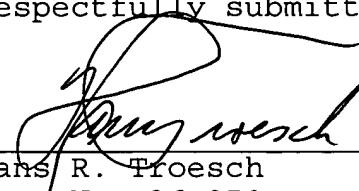

Claims 1-9 were pending. This preliminary amendment adds claims 10-27. No new matter is added.

Filed with this paper is a check in payment of the excess claims fees required by this amendment. If there are

any other charges, or any credits, please apply them to  
Deposit Account No. 06-1050.

Respectfully submitted,

Date: 29 July 1998
